

L.J.INSTITUTE OF APPLIED SCIENCES

WORKSHOP HELD BY CHEMISTRY AND PHYSICS DEPARTMENT IN COLLABORATION WITH ADANI VIDYA MANDIR SCHOOL.

Flash the light of knowledge and hope to the ones that need the most. LJ Institute of Applied Sciences in collaboration with the Adani Vidya Mandir took an initiative to broaden the horizons of science students by taking a close look at the experiments performed by the second and final year students of the LJ Institute of Applied Sciences. The students showed great enthusiasm. Also, the student volunteer coordinators participated enthusiastically and showed their demonstration as well as explanation skills efficiently. The entire workshop was coordinated efficiently by the Head's and the faculty coordinators of both the departments.
