

# Team Blackhawks - R (Robocon)

ROBOCON is an international robotics event held every year by Asia-Pacific Broadcasting Unit at MIT Pune. It challenges students with a task for which they have to design & fabricate robot/s. the journey of Robocon at L.J Institute of engineering & Technology started in December 2013 with a team of 19 enthusiastic students who represented the college at MIT Pune and since then, a team has been participating in this event every year.

Working in the Robocon team develops the overall engineering skills of a students as s/he comes across various challenging tasks which includes use of mechanisms & automation. This year the team is preparing two robots on the concept of Green Energy.
