

# L J INSTITUTE OF PHARMACY, AHMEDABAD

## Computer Proficiency Course Induction Report

*Date: 24<sup>th</sup> July 2018 (Tuesday) Time: 1:30 onwards*

*Venue: 109, Seminar Hall, LJIP*

L J Institute of Pharmacy, Ahmedabad carried out survey regarding the interest of students to improve their skill set for making them competent enough for professional world. In the current world, it's almost impossible to imagine that someone can live without **computers**. They have become an electronic device of almost every day use for individuals of every age, and essential in almost all fields. Computer are now a days used in pharmaceutical in industries, hospitals and in various departments for drug information, education, evaluation, analysis, medication history and for maintenance of financial records. They have become indispensable in the development of clinical pharmacy, hospital pharmacy and pharmaceutical research. Computers are also useful for patient profile monitoring, medication, database management and material management. It is useful in providing on drug interactions, drug information services and patient counseling.

For competing in the professional world, English proficiency and computer proficiency are the most important skill set required. In light of the above considerations, LJIP organized an induction program on 24<sup>th</sup> July 2018, Tuesday (1:30 onwards) by Prof. Priya Vaid, LJIMCA for interested students in computer proficiency course. About 40 students were present in the seminar. The session had provided guidance about importance of Microsoft word, Ms.Excel, and Power point presentation. Further details of computer proficiency course including the time duration of course and fee structure were given to students. Feedback was taken from students for their interest in pursuing the computer proficiency course after the induction.
